

Webinar

Regulatory acceptability of Big Data, Real World Evidence and Real World Data

18th of November 2020,
9.00–10.00

Webinar with Nikolai Brun, Danish Medicines Agency

Get the latest news and insights regarding the regulatory aspects of getting your drug or device approved based on Big Data, Real World Evidence (RWE) and Real World Data (RWD).

Both Danish and EU perspectives will be presented and discussed.

For further information, please contact:

Anette Birck, Biopeople, anette.birck@sund.ku.dk

Organisation and co-creation:

Danish Medicines Agency and Biopeople

When

18th of November 2020,
9.00–10.00

Where

Zoom-link and reading material will be sent to registered participants in due time before the webinar.
